

Dear School Colleague:

Students seeking initial certification in education at The College of Saint Rose are required by the State Education Department to complete 100~~150~~ field experience hours. The majority of these hours are courseembedded hours; that is, they must be completed in the context of a course taught by College faculty. Depending on the course, students may need as few as 5 field experience hours or as many as 25. We hope that you will be able to include a student in your school, classroom, or program for one of the required field experiences.

For each of the field experiences, students need to complete one or more activities. The experiences
